

Coach specific training hours: 12

Who this program is for:

This program is for any coach who would like to strengthen their ability to coach others in personal goal areas.

About this program:

Life Skills focuses on building coaching strength in personal, health, relationship and community goals areas.

A highly experiential program, also known as a 'Coaching Lab', participants will be working with real coachee scenarios in class.

The participants will need to have their coachee materials available during each session so that they can access 'live' strategies, actions and case studies. This makes the training tangible, and increases the chances of the coach putting into practice what they are learning.

Objectives:

1. Participants have an understanding of personal goals and have strengthened their ability to coach in this area
2. Participants have an understanding of health goals and have strengthened their ability to coach in this area
3. Participants have an understanding of relationship goals and have strengthened their ability to coach in this area
4. Participants have an understanding of community goals and have strengthened their ability to coach in this area

Format:

8 x 90 minute teleconference classes

Sessions may include theory, discussion, tools, role-plays, group work, case studies and readings.

What you get:

- Greater coaching experience and expertise in related goal areas
